

January 2015

Greetings,

It is with sincere gratitude that I welcome you to The Providence on Southmore's website to learn more about our organization. I hope that by the end of your visit you are able to identify with and support the tasks that we have set out to accomplish. I have been fortunate enough to form a multi-talented governing board that possesses a wealth of experience from a variety of backgrounds.

The Board of Directors is committed to the vision and mission of assisting young men and women with reaching their goal of completing a college education. And, together, our dedication to the students we serve will ensure that obstacles that have been common barriers will be removed or diminished. Tireless hours have been spent cultivating the lives of students since our founding, and to have a dream that once seemed impossible reach the point that it materializes is by far one of the greatest joys of my existence.

We are forging partnerships and gaining momentum to ensure the organization's sustainability in the community (see our Supporters' page), and I am certain that we are destined to reach our one hundred percent success rate goal. As a non-profit organization recognized as a tax-exempt 501 (c)(3) charitable organization, we are dependent upon foundation grants and individual donors, like you, to give our young men and women a greater chance to succeed.

You can be the water to nurture the seed that has been planted in the lives of the young men and women we work with by making a contribution to The Providence on Southmore, Inc. Your generosity is truly appreciated!

Karla D. Brown, Ed. D.
